

# Simplify, centralize, and control clinical trial disclosure with ease, flexibility, and speed

Manage end-to-end disclosure processes from protocol registration to trial results submission with TrialScope Disclose, the industry's most trusted solution for global clinical trial disclosure management.

#### **Register & Submit Trial Data**

Capture and file study information for global registry submissions.

#### **Assess Global Disclosure Requirements**

Stay informed with evolving international rules and regulatory standards.

#### **Monitor & Track Compliance**

Ensure audit-ready accuracy and control across all disclosure activities.

Trialscope Disclose streamlines every step of the disclosure workflow, ensuring audit-ready global compliance. That's why it's trusted by 16 of the world's top 20 pharmaceutical companies.

**One single, centralized solution** to register and submit your trial data easily, accurately, and globally

**AI Importer** maps clinical trial protocol information into a prepopulated disclosure form, *reducing manual entry* and increasing speed of submission.

**Global Disclosure Form** reduces manual data entry, duplication across registries, and the risk of noncompliance, increasing speed of submission with *one single global form*.

---

**Reduce costly submission errors** and avoid missing a single step in your global disclosures.

**Automated, customizable workflows** help *manage, assess, track, and automate* clinical trial disclosure activities, paving the way for full compliance and audit readiness.

**With Rules Creator**, flexibly *test and validate global regulations*, as well as *company-specific rules*, enforcing internal policies and maintaining compliance.

---

**Monitor and benchmark compliance** with confidence and control

**Reporting** capabilities provide *robust, real-time visibility* into clinical trial disclosure performance, compliance status, and operational efficiency.

**APIs** can *integrate with internal systems*, automate data exchange, and streamline disclosure-related processes.

## A scalable solution for your disclosure needs

TrialScope Disclose combines reliability with innovation for flexibility, scalability, and control, ideal for large pharma and small biotech companies.

**Plan with Purpose, Disclose with Confidence.**
